iCAN KEY FEATURES

HOW iCAN WORKS

1. Community residents sign-up for program participation with local law enforcement
2. Citizens are provided access to an iCAN website with still panoramic pictures of neighborhood CCTV camera views
3. All communication is done using only a personalized username
4. Simply enter a brief description of the incident on the iCAN portal, click or tap on the panoramic still photo representing the location of the event location, and send. iCAN alerts go directly to the local Public Safety Agency
5. Public Safety officials are instantly alerted to iCAN reports and police CCTV camera views automatically pan to the indicated area
6. Police and iCAN reporters collaborate and exchange incident information online until the alert is resolved

HOW iCAN WORKS TO PREVENT CRIME

- ✓ Anonymous neighborhood iCAN reporters amplify signs of community cohesion and low tolerance for criminal activity and disorder
- ✓ Modifies crime rich environments to reduce opportunities for offenders to commit crimes
- ✓ Significantly heightens an offender's perceived risk of detection

iCAN BLOG

A discussion board for neighborhood residents and police to share ideas about how to improve community vigilance and safety

iCAN ALERT

Electronic police issued alerts go out to registered citizens warning them of potential harm and crime trends

iCAN ACTIVITY REPORT
