## LEARN MORE ABOUT THIS PRODUCT

### Self-Contained

Temporary surveillance systems that provide high definition live video of the deployment location.

### Remote Monitoring

Monitor critical areas, incident areas, and other problem locations whenever and wherever necessary in a compact, mobile, self-powered unit.

### Pan-Tilt-Zoom (PTZ) Cameras

Configuration supports up to three PTZ cameras supporting:

- 30x-36x Optical Zoom
- ALPR and OCR based Video Analytics
- Fixed Dome camera with up to 5x Zoom
- 360° Degrees of detail
- Up to 4k @ 90FPS video output

### Management Software

Camera can be controlled automatically and precisely from anywhere using management software included with the system.

### “Always On” Network

The system is shipped, preconfigured, and ready for deployment on leading broadband cellular networks.

### On Board Self Healing

Autonomous operational continuity dashboard allows users to actively monitor and manage trailer vitals for all assets in a centralized location from desktop, phone, or tablet.

## CREATE A SMART CITY
